Leading the Austrian Avant-garde: **Gustav Klimt** was one of the most talented Austrian artists. He is best known for the highly decorative style of his works.

Crisis and Existential Sexuality: **Egon Schiele** was a major figurative painter of the early 20th century. His work is noted for its intensity and its raw sexuality, and the many self-portraits the artist produced, including naked self-portraits.

Building on Modernism: **Fernand Léger** was a French painter, sculptor and filmmaker, one of the pioneers of modern art. In his early works he created a personal form of Cubism. His boldly simplified treatment of modern subject matter makes him a forerunner of pop art.

The Exuberance of Color: **Henri Matisse** is widely regarded as one of the greatest colorists of the twentieth century. He first achieved prominence as the leader of Fauvism. He is also widely regarded as a sculptor.

Redefining Space & Time: **Marcel Duchamp** was a visionary and a provocateur. By challenging the very notion of what art is, he changed the course of art history.
